

PROBE OF STORAGE HOUSES OPENS WAGE DEMANDS BEFORE POTTERY OWNERS

SCALE DRAFTED AT CONVENTION OF UNION IS UNDER DEBATE

Session is Held in William Penn Hotel, Pittsburgh.

CONFERENCE IS PLANNED

Brotherhood Proposal For 25 Per Cent Increase Is Considered.

With 60 representatives of pottery cities in the country in attendance, the United States Potters' association opened a special meeting in the William Penn hotel, Pittsburgh, shortly before noon Tuesday to consider the proposed two-year general wage scale submitted by the National Brotherhood of Operative Potters.

Because most of the pottery owners did not arrive in Pittsburgh until 10:30 o'clock Tuesday morning, little business was accomplished prior to adjournment for luncheon. Shortly after 2 p. m. the session was resumed. President Charles Sebring of Sebring, O., was chairman of the meeting.

The demand of the pottery workers for a 25 per cent wage increase is the most important feature of the proposed new agreement which is to take effect October 1.

Although no action had been taken up until a late hour Tuesday afternoon, it is likely that instructions will be given the labor committee of the association to arrange with the executive committee of the National Brotherhood of Operative Potters for a conference on the proposed wage scale. The date and place for conference will be set some time in August. About 30 East Liverpool pottery owners attended Tuesday's meeting.

LAST CHANCE TO REGISTER

Special Registration Saturday Afternoon For Primaries.

A special registration for the accommodation of persons who were at a distance of 50 miles or more from the city when the regular registration was held last week or were otherwise unable to register will be taken by the election board Saturday afternoon from 2 to 4 o'clock. Chief Deputy J. S. Hilbert announced Tuesday.

The board will sit at election board headquarters, Betz building, and will issue certificates to registrants for presentation to registrars who will be at the respective voting precincts from 6 to 8 o'clock Monday night.

Only persons who were out of the city last Friday and Saturday or who could not by due diligence qualify for the August primaries will be permitted to register Saturday. Mr. Hilbert said. Certificates of transfer will also be issued voters who have moved from one voting precinct to another since the last registration.

Breckenridge Long, assistant secretary of state, and Mrs. Long. To Breckenridge Long, assistant secretary of state, falls the duty of carrying out and in some measure, suggesting the entertainment for the Prince of Wales during his stay in Washington. Mrs. Long will be an able aid to her husband. She is one of the most charming of the diplomatic hostesses.

PRINCE OF WALES SAILS FOR AMERICA

Absence of Royal Decorations Marked Departure of Heir To British Throne From London Station.

London, Aug. 5.—The Prince of Wales, heir to the British throne, departed for America today.

An absence of royal decorations marked the departure of the prince from the Victoria railway station. It was a regular old-fashioned home leaving. The prince, dressed in the uniform of a captain of the English navy, was the first to arrive at the station, the royal family following a little later.

Queen Mary affectionately kissed her son goodbye while King George and the brothers shook hands, wishing the prince a happy voyage.

While waiting for the special train to make ready for leaving the prince stood up on the platform talking to the royal family and the score of staff officers who were present. At the last minute an attendant rushed up with all of the morning papers and thrust them into the prince's hands.

The prince boarded the train at the last minute, waving farewell while a crowd of 300 persons who had gathered around the station cheered. The train was made up of four cars to carry the prince's party and their baggage.

The voyage across the Atlantic will be made on the British battleship Renown. Upon arrival in Canada the royal party will make a tour across the country, later going to Washington and New York as the guests of the American government.

America's exclusive society people have been making every possible effort to have the prince attend private social functions in New York and perhaps visit Newport, but so far as known he will adhere strictly to the official program. Living on board the Renown while at New York.

him after they landed in the down river city, according to a story told to the Steubenville police Monday.

Carroll claims that after he fed the negro on a chicken which he prepared before he left Midland, his pal sandbagged and robbed him of \$19.80.

The attack was made after the negro had enticed Carroll to a lonely spot near the Hartje paper mill in Steubenville.

Carroll said he was on his way to Weirton to get a job in the steel mill.

CITY JAIL EMPTY; FEW ARRESTS HERE

The city jail is empty. Not an arrest has been made by city patrolmen during the last 24 hours and the arrests of a week can be counted on the fingers of two hands, Chief Hugh McDermott said.

Four drunks were gathered into the fold over the week-end. The quartet faced Mayor Wilson Sunday afternoon.

FIRE CHIEF HURT CRANKING TRUCK

Struck by a whirling crank when a fire truck engine back-fired, Fire Chief Thomas Bryan sustained a painful injury to his right arm at the elbow at Central fire station Monday evening.

Chief Bryan was in the act of turning over the engine of No. 4 fire truck which was undergoing some repairs when the engine "kicked," jerking the crank out of his hand. Before he could pull his arm out of danger, the whirling shaft struck him a glancing blow on the right elbow. Examination by Dr. Taylor showed a splintered bone in the elbow.

FIVE ARE INJURED IN FIRE ABOARD STEAMER

Genoa, Aug. 5.—Five persons were injured and several millions of dollars damage was caused by fire which broke out on the steamer City of Dallas just as she was preparing to sail for Norfolk, Va.

The City of Dallas is a small ship displacing only about 16,72 tons. She sailed from New York for Italy on April 26, and was last reported arriving at Genoa on June 23.

WARSHIPS ON JOB DURING PLEBISCITE

Paris, Aug. 5.—British and French warships were today ordered to the coast of Schleswig-Holstein to prevent trouble between the Germans and Danes during the plebiscite in that district.

(Schleswig-Holstein was formerly a Danish province. It was seized by Germany 55 years ago. Upon representations by the Danish government the peace conference ordered an election to allow the people to say whether or not the ground should be returned to Denmark.)

BARN IS FIRED BY LIGHTNING; CROP OF HAY IS DESTROYED

Three Thousand Dollar Loss On Hill Farm Near Maplewood.

HOUSE IS DAMAGED

Bucket Brigade Fights Flames At 1 O'Clock Tuesday Morning.

Fire igniting from a bolt of lightning totally destroyed a large sheep barn on the Harry Hill farm, just north of Maplewood, during the heavy electrical storm shortly after 1 o'clock Tuesday morning. The lightning followed telephone wires into the residence and wrecked the hallway. None of the family was injured. The damage is estimated at between \$12,000 and \$20,000.

Within fifteen minutes after the barn was struck, it was burned to the ground. Neighbors aroused by the bright glare from the burning structure came to the aid of the owner and formed a bucket brigade but the building was soon beyond control. Efforts of the volunteer firemen were then centered upon saving the residence and barn which were endangered by falling sparks.

The entire season's crop of hay and practically all of the farm implements stored in the barn, were destroyed.

Damage to the interior of the house caused by lightning will reach several hundred dollars, it is said. The current followed the telephone wires into the hall tearing out the partition. Mr. Hill, owner of the farm, his mother and a sister, Mrs. Robert Faulk, were in the house at the time but escaped uninjured.

Leetonia, Aug. 5.—The home of Mont Stouffer of this city was struck by lightning and burned to the ground at 3:45 o'clock Tuesday morning, during the electrical storm which swept this district. The contents of the home, with the exception of the piano, were destroyed. No one was injured.

OTHER CITIES HIT BY STORM

Two Boys Believed Lost Monday Night On Lake Erie.

Cleveland, Aug. 5.—Two buildings were fired by lightning here last night during a violent storm. Firemen were called upon to fight six fires during the storm, damage aggregating \$5,000.

Sandusky, O., Aug. 5.—Much damage was wrought by lightning in this vicinity last night and early today by a violent electrical storm which lasted nearly 12 hours. According to old residents it was the most violent in their memory.

Cleveland, Aug. 5.—An all-night vigil on the part of life saving crews and lake men failed to assuage the anxiety of Mrs. Nora Williams, whose son, Frank Williams, 20, and John Solle, 20, left early last evening in an 18-foot canoe for Port Stanley, Canada. Mrs. Williams fears the young men lost their lives in the rainstorm which swept the lake last night.

TEACHER RESIGNS; GETS BETTER OFFER

Supt. F. P. Geiger Tuesday received the resignation of Miss Martha Chambers, of Mansfield, with the statement that she had been offered a better position at a much higher salary in another place. Miss Chambers was appointed teacher of Sophomore English in the East Liverpool High School a year ago. She is a graduate with a degree from Ohio State university.

SUBMIT WAGE DEMANDS TO DIRECTOR HINES

Washington, Aug. 5.—The wage demands of the 450,000 railway clerks, freight handlers and express and station employees on the railroads under federal control were placed before Railways Director Hines today by J. J. Forrester, grand president of the Brotherhood of these employees.

Forrester, who was called into conference by the director general, was accompanied by seven general chairmen of the brotherhood as follows: J. H. Strawn, Connellsville, Pa.; S. J. Osborn, Richmond, Va.; J. F. Murray, Missoula, Mont.; C. D. Huges, Fort Worth, Tex.; J. H. Muir, Meridian, Miss.; J. D. Flynn, Boston, and W. E. Gollings, Decatur, Ill.

AIR FLIVVERS WILL COST \$500 EACH

Cleveland, Aug. 5.—Air flivvers which will cost \$500 each or less will be common within three years. This was the prediction here of Brig. Gen. Lionel E. O. Charlton, British air attaché, now touring the United States.

The new air flivvers will combine safety and utility features enabling the workman to land in his own backyard when he flies home from work in the evening.

Great advance in the art of dirigible building also was predicted by General Charlton, blimps carrying 100 passengers being the next step in this direction, in his opinion.

CHARTER TRUCK FOR USE AT FIRE STATION

To Fill Emergency Until New Equipment is Purchased.

NO. 4 IS DISMANTLED

Bonds Amounting to \$18,000 Are Offered to Three Boards.

Pending the purchase of new fire equipment with funds recently authorized by city council, a commercial truck has been chartered for use at Central fire station.

The new truck, a Brockway two-ton truck, loaned by the Buckeye garage, has been equipped with 1,900 feet of fire hose and other emergency apparatus and will answer any fire alarms. The truck was placed in use Monday afternoon when truck No. 4 was dismantled for repair.

Bonds amounting to \$13,000 authorized by council a short time ago for the purchase of new fire equipment have been offered to the sinking fund trustees, the school board and the state industrial commission by City Auditor John T. Burns, but no reply has been received. If these bodies decline to purchase the bonds, they will be advertised for public sale.

As soon as the bonds are sold, the board of control, headed by Mayor J. S. Wilson, will award a contract for the new equipment. Some difference of opinion exists among city officials as to the nature of the apparatus needed. It is the consensus of opinion, however, that a combination bumper similar to the one now dismantled at Central fire station and a small light truck for the use of Fire Chief Thomas Bryan to answer small fires should be purchased. If any money remains it will be utilized in re-tiring and repairing other apparatus.

FOOD PROBLEM BEFORE WILSON

Washington, Aug. 5.—The prices announced last week by the war department at which army surplus foods may be purchased by the public, are too high, in the opinion of the committee of the postoffice department charged with the distribution of the foods. This committee, headed by Fourth Assistant Postmaster General Blakeslee, will confer tomorrow with officials of the war department with a view of obtaining a revision downward of the schedule, it was announced at the postoffice department today.

It is felt by postoffice officials that when the cost of distributing the surplus foods through the postal service has been added to the prices quoted by the war department, no saving will be realized by the purchasing consumers.

Cleveland, Aug. 5.—From ice to coal; from food to rents; from shoes to dry cleaning.

This was the comprehensive high cost of living program of investigation entered upon today by the Cuyahoga county grand jury summoned at the request of County Prosecutor Samuel Doerflinger.

"Whether or not there are specific laws covering the commodity under investigation need not enter into the matter," the prosecutor said today in outlining his extensive program. "If there is need for new laws to cover new conditions, we can at least recommend the proper legislation even if we cannot indict under present laws."

The special venire of jurymen reported this morning at 10 o'clock, a jury of 15 being selected from the 25 men summoned. Several workmen are in the venire, and two grocers were included. The others include almost all walks of life.

Because of the fact that considerable evidence is already at hand and ready for presentation, Prosecutor Doerflinger purposed first bringing to the attention of the jury charges that dry cleaning men of Cleveland have engaged in price fixing.

Washington, Aug. 5.—President Wilson today concentrated his entire attention in the threatened strike of railway men and the high cost of living problem, receiving no visitors at all, it was announced at the white house.

ARMOUR & CO. PLANT INSPECTED BY BECK; WATCH WHEAT BUYERS

Prosecutor Plans to Visit Other Cold Storage Plants in East Liverpool—Chamber of Commerce May Act—Steubenville and Wellsburg to Buy Army Foodstuffs.

Marking the inauguration of the county-wide food probe in East Liverpool Prosecuting Attorney Walter Beck and Deputy Prosecutor Jesse Hanley inspected the cold storage plant of Armour Co. in this city Tuesday morning.

Inspection of the Frank Litten, Tatgenhorst Brothers' and Crocker City Ice & Products plants was planned for the afternoon, Prosecutor Beck said. Mr. Beck declined to state whether any evidence of prolonged storage of food products was unearthed at the Armour plant. He said that he must first submit his findings in a report to Attorney General John G. Price at Columbus. An effort will be made to clean up all the storage plants of the city before returning to Lisbon.

\$356,000,000 Worth of Food Exported During Month of June

Washington, Aug. 5.—Forty per cent of the record-breaking exports during June, 1919, were foodstuffs, having an aggregate value of \$356,000,000, it was announced today by the department of commerce. The principal breadstuffs exported were 16,000,000 bushels of wheat and 3,500,000 barrels of flour with total valuation of \$80,000,000; besides 7,000,000 bushels of rye, worth \$13,000,000; 6,000,000 bushels of barley, to the value of \$8,000,000 and other grain products valued at \$17,000,000.

A similar inspection of cold storage concerns will be made throughout the county as a part of the investigation into prevailing food prices just launched by Prosecutor Beck.

A conference with H. B. Barth, former county food administrator, and other local members of the county food board will be held during Mr. Beck's visit here.

MAY REDUCE PRICES CHARGED FOR GOVERNMENT FOODSTUFFS

Washington, Aug. 5.—The prices announced last week by the war department at which army surplus foods may be purchased by the public, are too high, in the opinion of the committee of the postoffice department charged with the distribution of the foods. At a meeting of the cabinet, the situation will be canvassed and later, it was stated, the report of the special cabinet committee, appointed to examine the two problems would be placed in the president's hands by Attorney General A. Mitchell Palmer, the chairman. After he has digested the report President Wilson will confer with Julius Barnes, head of the U. S. Grain Corporation, on advisable steps to be taken to cut the cost of foodstuffs.

Whether President Wilson will go before congress with a special message will depend to a large extent upon the recommendations made by the cabinet committee, it is said.

COUNTY NEWS

COUNTY ROADS POOR, IS CLAIM

Tourists who had made the trip from their Iowa home to New York and return, traveling on the return trip over the Lincoln highway, stated that the worst roads they encountered on the entire route were between Lisbon and East Liverpool, on the detours made necessary by the work on the main roads.

So many reports of this nature have been heard by the county commissioners that they are urging the contractors on the Lincoln highway to complete the work before another winter sets in.

In many places along the Lincoln highway heavy trucks hauling material for the new sections have torn the old road up so badly that repairs are imperative to save the highways from destruction. Many are of the opinion that hereafter a more permanent type of road will be necessary to carry the heavy traffic.

LISBON HOME IS STRUCK BY LIGHTNING

The home of Leo Deemer of Lisbon was struck by lightning at 4 o'clock Tuesday morning during the heavy storm that had raged during the entire night. The bolt struck the chimney, demolishing it, and ripped up the one end of the attic. Fire

broke out and the department was called. The flames were extinguished before much damage was done. Members of the family were stunned, but not seriously.

FISHERMEN, HUNTERS TO HOLD OUTING

The outing of the Columbiana County Fish and Game Protective association will be held at the Buckeye club grounds near East Liverpool, Wednesday, August 6. There will be a contest in bait casting, rifle and shotgun shooting, athletic events and other features of interest. Dinner will be served at noon.

URGE HIGHER RATE OF TAXES

Officials of the cities, school districts and townships are presenting their demands to County Auditor Bert Burns for a tax rate that will furnish enough money to pay old indebtedness and money enough to run things for the coming year. Some of the officials are almost frantic in their demands. There is not a city school district or an incorporated town in the county that is not in debt. It was hoped that the emergency law passed by the legislature would give some relief, but after providing for the relief the law puts up the bars by making the provision that the limits of the Smith one per cent law cannot be exceeded. The title of the law is a misnomer, as the limit is really 1.53, but every taxing district in the county that is in financial distress has been up to that limit for some time. The new law permits the issuing of bonds to take care of accumulated indebtedness, but a sinking fund levy must be made to take care of the accruing interest and the bonds that come due. It thus cuts off a part of the levy and only continues the indebtedness.

RUMANIANS ASKED TO QUIT BUDAPEST

Allies Prepared to Take Economic Measures to Compel Fulfillment of Request—To Send Mission to Hungary.

Paris, Aug. 5.—Rumanian troops that occupied the suburbs of Budapest were today asked to withdraw by the peace conference. In the event the Rumanians refuse, it is understood that the allies are prepared to take economic measures at once to compel fulfillment of their request.

Paris, Aug. 5.—General Bandholtz, of the United States army, was today appointed American member of an inter-allied mission which has been ordered to proceed immediately to Budapest. The mission is under orders to disarm the Hungarians and to report to the peace conference on the stability of the new Socialist government that succeeded the Bela Kun regime.

In the meantime the blockade of Hungary will be lifted temporarily to allow the importation of food in hope this will ameliorate conditions.

VAN GORDER HEADS SELECT LIST OF OHIO

Cleveland, Aug. 5.—Col. F. S. Van Gorder of the Warren Daily Chronicle heads the select list of Ohio daily newspapers, having been chosen president at the closing session of the annual meeting of the organization here. Col. Van Gorder commanded the 14th Infantry overseas.

Other officers elected are: Vice president, E. B. Cappeller, *Manassah News*; secretary-treasurer, C. H. Spencer, *Newark Advocate*; directors, Messrs. Van Gorder, Cappeller and Spencer, and Fred Wallace, *Coshocton Tribune*; I. B. Sedgewick, *Martin's Ferry Times*; J. A. Chew, *Xenia Gazette*, and W. D. Thompson, *Delaware Gazette*.

RENEW EXCAVATIONS.
London.—Excavations in St. Augustine's Abbey at Canterbury have been resumed for the first time since the war. The previous search yielded results of considerable interest and archaeological importance.

It is estimated that if the forests of the earth were completely stocked and scientifically worked they would yield annually the full equivalent to from thirty to one hundred and twenty times the present consumption of coal.

URGE WALL TO AVERT CRASHES

Head of Ravine Street Dangerous Point For Autoists.

Need for a wall at the head of Ravine street to safeguard the lives of autoists using that thoroughfare was emphasized Tuesday following several near accidents at that point within the last few days.

Ravine street, near its intersection with Pennsylvania takes a sharp turn to avoid a drop of twenty feet to the street car tracks. A frail iron fence topped a concrete wall is the only barrier to prevent automobiles from plunging over the wall.

It has been suggested that a concrete wall be erected at that point. Since Fifth street and Fourth street have been closed pending street repaving and all traffic to the East End has been diverted over Ravine street, the point has become a menace, it is said.

It was at this point that Harry Moore plunged over in a light runabout a year or so ago and was killed. A telephone pole saved Misses Lena and Eva Wasabutzky of Seventh street from taking a similar drop Sunday when the former lost control of her machine.

SCHEFFER QUILTS AS PHYSICAL DIRECTOR

T. F. Scheffer, physical director at the Y. M. C. A. has tendered his resignation to Secretary E. K. Bennett to take effect September 1.

Mr. Scheffer has been head of the physical department here for several years, coming to this city from Harrisburg, Pa. He is a graduate of the Y. M. C. A. school at Springfield, Mass. He has not announced his future plans. A successor to Mr. Scheffer has not been named, Secretary Bennett said Tuesday.

REPORTS FROM STOCK MARKETS

New York, Aug. 5.—There was pronounced pressure against the stock market at the opening today, but after losses ranging from one to five points in some of the specialties, were suffered, trading became orderly and there were quick rallies in a number of stocks. Several moved up two points or more from the lowest levels of the first 15 minutes.

It was over 15 minutes before the committee could decide on an opening on U. S. Steel common which was fixed by them at six thousand shares at 103 3/4 to 103 1/2 and 50 shares at 104, a loss at the lowest of 11 1/4 points from yesterday's close.

Southern Pacific was the weakest of the rally at the start, declining nearly five points to 95 but quickly rallied to 97 3/4. Union Pacific sold down over two points at 124 7/8, a rally to 125 1/2 and Reading dropped 2 1/2 to 79 1/2 followed by a rally to 80 1/2.

Steel common later rose over one point to 104 1/4 while Baldwin loco was in good demand, advancing more than three points to 102 3/4. Ohio Cities Gas, after falling over four points to 48 1/4, recovered nearly all this loss. Transactions during the first hour totaled over 500,000 shares.

MEXICAN BANDITS ROB U. S. CITIZEN

Washington, Aug. 5.—Mexican bandits on July 12 robbed George N. McDonald, an American citizen, near his residence at Pueblo Viejo, six miles south of Tampico, the state department announced this afternoon. The department was without further information.

Secretary of State Lansing has telegraphed instructions to the American embassy at Mexico City to urge upon the Mexican government "prompt measures" for the apprehension and punishment of the robbers, it was stated.

Instances of attempts on the part of wheat buyers to purchase wheat from farmers below the government fixed price have been brought to the attention of Mr. Beck. One Salineville buyer, it was said, refused to buy wheat from a farmer at the government price of \$2.25, declaring that the grower's wheat was "dirty." In filing his complaint with Mr. Beck the farmer declared that he had cleaned the product just before starting to town to market it. Another buyer offered to take a farmer's wagon load of wheat at a price slightly below the government quotation, but refused to pay the higher price, saying that he could not use "new" wheat. The wheat, the farmer told the buyer, had just been harvested.

Whether the East Liverpool Chamber of Commerce will follow in the footsteps of similar organization and contract for a large quantity of government canned goods for sale to consumers here will be decided at a special meeting of the board of directors to be held in the Chamber of Commerce rooms Wednesday afternoon at 4 o'clock.

Secretary W. I. Lewis Tuesday approved the plan and expressed his willingness to engineer the project. The Steubenville Chamber of Commerce, it was learned Tuesday, has appointed a committee to purchase a quantity of surplus army canned vegetables and meats to be sold at cost to Steubenville consumers. The Wellsburg organization has just taken similar steps. It was stated.

Lift Restrictions on Prisoners.
Paris, Aug. 5.—All restrictions preventing Germany from sending Russian war prisoners back into their own country were lifted today by the peace conference. The Russians will be repatriated by way of Poland. If the German government refuses to return the Russians it must pay for their upkeep.

Capt. Roosevelt in Hospital.
Chicago, Aug. 5.—Captain Archie Roosevelt, who is to make his future home in Chicago, spent the first day in his new home city in the Presbyterian hospital. Captain Roosevelt is suffering from trench fever and a recurrence of gas poisoning. He probably will leave the hospital in a few days.

DEATH ROLL

Miss Clara J. Roan.
Miss Clara Jane Roan, aged 35, daughter of Mrs. H. M. Roan, of 144 Ravine street, died Monday at Canton, following an attack of influenza. The body was brought to the home of the mother Tuesday, where private funeral services will be held Wednesday afternoon at 2 o'clock. Rev. D. W. McLeod of the First Presbyterian church will officiate. Burial will be made in Riverview cemetery.

Besides her mother, the deceased is survived by two brothers, William D. and Edward Roe, both of this city. Friends may view the body Tuesday evening.

Massey Funeral.

Rev. Lionel Difford, the pastor, will officiate at the funeral services over the body of the late James Massey, to be held at 2 o'clock Wednesday afternoon at St. Stephen's Episcopal church. Burial will be made in Spring Grove cemetery.

Friends may view the body from 7 to 10 o'clock Tuesday evening.

Suicides in Dramatic Fashion.

Nice, Aug. 5.—George Johnson, a United States army officer, committed suicide in dramatic fashion here today. He waded out into the sea in sight of numbers of pleasure seekers, then drew a revolver and shot himself.

tered into a combine to control the business. It was not anticipated that it would require more than an hour to dispose of this phase of the probe.

Because of its top position among vital food necessities and because of the serious charges made by Governor Cox regarding the situation in Cleveland, milk was to be the next food product to be investigated. Fruits and vegetables will also be taken up at an early date and may be probed simultaneously with the milk inquiry.

Already fifty witnesses are under subpoena and a mass of documents has been gathered by the prosecutor and his assistants to lay before the grand jury. Further summons will go out from day to day.

BOXING BOUTS ON LABOR DAY

As the result of recent activities of Chairman Harry Schultz, of the sports committee for the big Labor day celebration here Sept. 1, three fast boxing matches have been assured fans of the city, in addition to the numerous other athletic events on the day's program.

The main go will be a six-round bout between "Hap" Jackson, pitcher for the Weaver All-Star baseball club, and Colin (K. O.) Kinsey of this city. Jackson has been mixed up in the boxing game in this vicinity for years, having taken on practically all the first-class battlers here. His record also comprises several exhibitions before Midland fans. He will meet an adept opponent in Kinsey, who has also followed the square ring for years. Kinsey's latest activities have been confined to U. S. army training camps.

Two good preliminaries to the Jackson-Kinsey scrap are scheduled. Sam Mason, the Wellsville colored lad, will mix with Kid McKenzie of East Liverpool in six rounds and F. E. (Butler) Moore will swap punches with Young Davis, both members of the Ceramic Athletic club of East Liverpool. Promoter Schultz is now trying to arrange a scrap between Kid King, 185-pound colored fighter of Pittsburgh and some local talent.

Other arrangements are nearing completion, states Schultz. The Allegheny Shops baseball club has been signed for two games, one in the morning and one in the afternoon. There will also be races and other contests. The boxing matches will take place late in the afternoon, immediately following the ball game.

WILL ENACT ZONE FARE MEASURE HERE

Enactment of an ordinance providing a zone fare system on the East Liverpool-Wellsville line of the Steubenville, East Liverpool & Beaver Valley Traction company will likely be accomplished at Tuesday night's meeting of city council, it was stated Tuesday.

At a recent joint conference between members of the city councils of the two cities a zone system, providing for a five cent city fare and a ten cent inter-city fare, or 14 tickets for a dollar, on the traction line was tentatively agreed upon. The East Liverpool city council at a special meeting last week decided upon the sections of such an ordinance and will vote upon the measure at its next regular meeting, August 11.

Discharged from Service.
Martin O'Connor, who served with the American Expeditionary force, and Leo O'Connor, who was a gub at the navy, have returned to the home of their father, Martin O'Connor, Eleventh street, following their discharge from the service.

Martin O'Connor was in the army two years, being at first a member of the tenth regiment band at Camp Sheridan, Ala. He was later transferred to the 158th depot brigade at Camp Sherman with which unit he went overseas.

Steubenville Man Fined.
J. R. Schmidt of Steubenville was arrested Monday evening by Patrolmen Newton and Phillips at Sixteenth and Commerce streets, charged with being intoxicated. He was given a hearing before Mayor George Imbrie Tuesday and fined \$2 and costs. This was the first arrest for intoxication in five weeks.

K. of P. Outing.
Several hundred lodgemen from this city, East Liverpool, Steubenville, Toronto, New Cumberland, Chester and other nearby towns are attending the outing of the Knights of the Ohio Valley being held at Rock Springs park Tuesday under the auspices of Silver lodge of this city.

Returned from Pittsburg.
Mrs. A. C. Baker and daughter, Mrs. E. G. Morrow, of Broadway, have returned from Pittsburg, where they were called by the serious illness of Mrs. Baker's brother, John B. Dougherty.

"AUCTION OF SOULS" AT CERAMIC THEATRE

Never in the long history of Christian persecutions has there been one which approached the torture and virtual murder of 500,000 followers of Christ on the burning plains south of Armenia during the two years following a fateful day in 1015.

Never did a Christian people, tried by a ghastly ordeal of fire, thirst, hunger, fatigue and worse horrors, convulsed in the devilish brain of the infamous Turk, go more unflinchingly to meet its Maker. The bloody arena of Nero, the painful wanderings of the Pilgrims, the terrors of the Spanish Inquisition — history's most poignant examples of staunch martyrdom for the cause of Christ — sink to insignificance beside the persecution of Christianity, as set forth in "Auction of Souls."

Here was half a million people within the shadow of Mt. Ararat, laboring peacefully, following fervently and with devout reverence the teachings of the Bible. They were the oldest Christian nation, situated not many miles from the ancient village in which the Savior was born. They were contented, industrious, thrifty and devout. The church was their shrine, and all the acts of their lives were done in the grace of God.

Then into this heaven upon earth crept the sinister, fanatically pagan finger of the Turk. After with the hatred of Christianity which had been burning for centuries, inspired by a mad religion based on cruelty and lust, he needed only the support of the unprincipled Hun to loose his long pent barbaric animosity. Never in the Middle Ages did the Mohammedan sweep down upon the Christian with more abandon. Never did the hordes of Western Europe descend upon the followers of the cross more fiercely.

Girls were torn from their mothers. The defiling Turkish fingers upon their trembling flesh, they were asked: "Will you renounce Christianity? Will you accept Mohammed?"

This story is depicted in the film, "Auction of Souls," at the Ceramic Theatre.

Tired of Being Arrested.
St. Louis, Mo.—Joseph Trost, a former convict, is suffering from shell shock sustained in the Belleau Wood battle, a member of Company C, Seventh Infantry, and as a result has been unable to work.

Because of his pre-war record and failure to hold a job, he has been arrested 12 times on suspicion since his return and says he is getting tired of it.

Touching Gift.
London — "I have been saving the enclosed for my boys, who has not returned from the war, and never will, so I think the next best thing I can do with the money is to send it to you, for the benefit of St. Dunstan's," wrote Mrs. J. C. Claire, of Camden Town, in sending 200 1-pound sterling notes to St. Dunstan's.

Salesman Uses Plane.
Springfield, Mo. — A. H. Roundtree probably is the first aerial traveling salesman in the middle west. Roundtree made a trip from Springfield with his sample cases to several cities in Southern Missouri and made the return trip in the machine.

Poppies From Flanders.
Columbus, Aug. 5.—Private D. E. Stull, 73rd company, 6th regiment, U. S. Marines, sends to Governor Cox a collection of pressed poppies from the fields of Flanders, which the governor will have framed along with Col. John McCree's poem, "In Flanders Fields."

Doctors Boost Rates.
Youngstown, Aug. 5.—Costs more to be sick in Youngstown than it did last month. Doctors' fees for office treatment have been doubled and a dollar has been added to house calls. Obstetrical fees have been advanced from \$25 to \$35.

Bucyrus—Bucyrus grocers, because of a shortage of sugar, are limiting the sales to from two to five pounds to the customer. The arrival of a carload today has relieved the situation somewhat.

Woman on Advisory Board.
Boston, Mass.—Mrs. F. L. Higgins, of Boston, heads the Woman's Advisory Board for the College of Secretarial Science to be established in September by Boston University. "This is the first time any college has attempted to design courses especially for women of wealth," Director Davis said. He referred to the course in personal affairs management, designed for young heiresses and women who desire personally to supervise the management of their estates.

Cure of Dysentery.
"While I was in Ashland, Kansas, a gentleman overheard me speaking of Chamberlain's Colic and Diarrhoea Remedy," writes William Whitelaw, of Des Moines, Iowa. "He told me in detail of what it had done for his family, but more especially his daughter who was lying at the point of death with a violent attack of dysentery, and had been given up by the family physician. Some of his neighbors advised him to give Chamberlain's Colic and Diarrhoea Remedy, which he did, and fully believes that by doing so saved the life of his child. He stated that he had also used this remedy himself with equally gratifying results."

THE CAUSE OF HIGH PRICES.

East Liverpool is the center of attention Tuesday in the county investigation of the high cost of living.

Prosecuting Attorney Walter W. Beck and Deputy Prosecutor Jesse N. Hanley are expected to begin an inspection of cold storage houses for the purpose of ascertaining how much food stuff is on hand and also to get all information considered necessary in their probe of the cause for the constantly soaring prices of the necessities of life.

No individual in East Liverpool is under suspicion in connection with the investigation, but the prosecutor's office is seeking the facts in the situation so as to determine who is responsible.

With all this hullabaloo over the cost of food, many people seem to lose sight of the fact that most of it can be traced back to the Washington administration. Pointing out that the underlying cause of the soaring prices is the action of the government in nailing the price of wheat high above its real value, meaning, of course, when it nailed up that price to the consuming public, the New York Sun says:

"Because the United States government must buy all the farmers' wheat on the basis of \$2.26 the Washington administration is trying to sell that wheat to the American consumer at grossly inflated figures as if there were a wheat famine, when there will be on its hands at least half a billion bushels of wheat which this country cannot consume and the greater part of which the government will never be able to sell abroad.

"When the Washington administration nailed up the price of wheat at such an abnormal level it automatically elevated the prices of corn and other grains. And when the Washington administration did that thing it doubled and trebled general food costs; for virtually all the food that man, woman or child eats is nothing but grain. The man eating beef at his dinner table eats condensed grain. The baby at its bottle in the crib eats condensed grain. The steer that gives the beef, the cow that gives the milk, the hen that lays the egg are alike fed and fattened on grain.

"When the Washington administration nailed up the price of wheat it screwed up the price of labor, for labor had to have more and more wages to pay the grossly excessive food prices which were made by the Washington administration when it made the grain prices. And when the Washington administration screwed up the price of labor it screwed up the cost of every single thing that is made by labor.

"The Washington administration need not search the country over, it need not search one foot beyond its own doorstep, for the cause of the fearful cost of living which, from having become a discomfort, now grows to be a menace to the country.

"Until the Washington administration knocks from under the wheat market the props which the Washington administration itself has set up and still holds in place, or until somebody knocks them out, the cost of living in this country will not come down and cannot come down. Unless the Washington administration or somebody knocks out those props from under the wheat market the cost of food, the cost of all living, will go still higher. Then the job will be done by political dynamite."

ICE CREAM FOR ABYSSINIA.

There has been a mission from Abyssinia visiting the United States for the past few weeks. The members, when about ready to depart, did some shopping in New York for souvenirs of the trip to take home to family and friends.

What led the list of precious articles? Ice cream freezers. One of the members of the party bought not one, but three, with directions for making frozen dainties. He then asked for an ice-making machine, and was disappointed at finding this particular department store did not carry them. His ice-machine is procurable elsewhere in New York, of course, but he seems to have believed that the one store held everything desirable in life.

The dusky gentlemen also bought window screens, toys, linoleum, rugs, lawn-mowers, meat-choppers, clothes-wringers and other objects peculiarly American in character. Labor-saving devices for the household seem to have struck them with especial favor.

Yankee ingenuity scores again. Slowly the whole world learns that there is just about so much labor necessary for keeping life in the human body and making that life fairly comfortable and decent. Every hour cut off the hard performance of that labor by a machine which substitutes mechanical invention for arduous drudgery puts the whole world so much to the good.

There is nourishment and energy in ice-cream. There is comfort and disease-prevention in the ice-machine. There is leisure for the advancement of the race in the lawn-mower, the food-chopper and the clothes-wringer. Abyssinia will profit by these very modern gifts of princes.

Some farmers are complaining now because they think that without the government-fixed price they could sell their wheat for more than \$2.26 a bushel. It's a poor guarantee that doesn't work both ways.

The Pacific Fleet is now in the Pacific—the strongest naval force that great ocean has ever seen—and Americans realize more than ever the value of the Panama Canal.

An insurance company has to pay \$6,000 to the owner of 20 "educated fleas" that were burned to death in California. Which seems to show that education is worth while, even if the fleas themselves didn't get much out of it.

"If I had only been told the truth," wails the ex-Kaiser, "I would have acted differently." Also, if he had only told the truth himself, Germany would have acted differently.

Do we have to wait for the peace treaty to be disposed of before making old General Cost O'Living sign an armistice?

Who says money won't go far nowadays? An athletic young woman has crossed the continent on \$23.

NEW YORK LETTER

By O. O. McIntyre

Special Correspondent of The Review.

New York, Aug. 5.—A page from the diary of a modern Samuel Pepys: Up and Chic Sale, the comic actor, came with a ludicrous story and it so brightened the drab morning that he breakfasted with me, this being his first meal in my house. And Lord the fellow doth eat like a farm hand!

It still raining my wife, poor wretch, did fret at being housed up and I did suggest a walk in the rays around the lake pond and the dog, hating wet, did go. A debauched woman was feeding the ducks and talking to them most engagingly.

Home where I put in another shelf against the coming of my new books and indeed it is a fine sight albeit I buy more books now and read less than ever before. At my accounts until noon, it being a great month for layings out but of no consequence for gettings.

To luncheon where came Basil King who has been writing some fine tales of the spirit world and I saw also J. M. Flagg, the limner, and Julian Street, the scrivener, who is as handsome as Robert Hilliard ever was, I dare swear. But I was in a great pet upon leaving, the boy, a dillard, having given my battered shilling ash stick to another.

The talk was of the many orgies in private homes and one told of a gay crowd, foxed with drink, running bare foot out of a big castle on Fifth avenue and wading in the street flushed with rain, it being after midnight. Through the town and I did see Ned Wayburn, just here from London. He wore a brave light colored Norfolk and a big derby hat, flat on top.

Supped with M. La Farge in a great restaurant and there were but four couples there and the orchestra played with little zest, the life it seems has gone out of these places. To see a mediocre play and then home and played a few tunes on my zither. And so to bed.

Visitors to New York should get ready for the new thriller that is prepared for them after their gasp at the menu prices. An ultra hotel at Long Beach has blazed the trail for the surprise and Broadway and Fifth avenue will soon adopt it. Tucked sheepishly away at the foot of the meal check is a line which reads: "Waiter's tip 10 per cent of check." The character of service no longer determines the size of the tip. You are arbitrarily assessed. And yet they arrest thugs for black jacking innocents on Gotham's highways.

Frederick Lewis Allen, the Boston free lance, was in town this week with some of the more daring of his scaries. Mr. Allen has long been regarded as the owner of the most brilliant neckties in his home city. Never what might be called "racy," they embody a combination of emotional feeling and pastel tints which is at once delicate and overpowering. It is reported that Mr. Allen is now at work on an article for Vanity Fair to be entitled "The Erotic Motive in Cravats." The article will contain a number of color-plates in the appendix showing the estimated effect in color of Alice—blue, salmon pink, ultramarine, old rose, dregs of wine and other chromatic weapons in Mr. Allen's battery.

The Balloon Man is a sort of eternal Santa Claus for the kiddies in the great parks. The balloon man is always old and his head is bowed down, his hair whitened by the snow of many cruel winters. His shuffling tread is the herald of his voiceless presence. In his great basket are variegated balloons, pin wheels, green and red, on little sticks and at his approach the children fly from their nurses to his side to gaze in awe at his colored wonders. He is a sort of philosopher. Life, he knows, has rewards. And so on through the park he goes—a few coins in his ragged coat and music in his soul.

Sanitation or Pride? Anderson, Ind.—John L. Forkner, twice mayor of this city, had his mustache shaved off for the first time in 46 years.

PET ANTELOPE BECOMES CHAMPION DOG FIGHTER

Lander, Wyo.—A six-months-old antelope, mascot of a drilling crew working in the Buffalo Basin, is fast coming to the front as a fighter. He will not permit any dog, from a St. Bernard to a Mexican hairless, to come anywhere near the camp. His manner of attack is quick and savage—approaching the enemy by leaps and using his hoofs, which are very sharp, in the clinches. Twenty-seven dogs so far have been defeated by this antelope, and he has come out of every fight without a mark.

Red Cross Fakers Out.

Philadelphia, Pa.—Warning against the fraudulent use of the American Red Cross symbol and name has been issued here by the Southwest Chapter of the Red Cross. The statement said both are being used to promote many schemes, even in commercial enterprises, and that men in uniform have been selling tickets, saying that part of the receipts were to be used by the organization. The Red Cross charter prohibits the use of its name or emblem for commercial purposes.

P. M. General Fined.

London.—The Right Hon. Albert H. Illingworth, M. P., postmaster general, was fined \$15 at Otley Petty sessions for keeping four dogs without license. Mr. Illingworth pleaded guilty and said the licenses had been overlooked owing to pressure of public business. The judges thought the fine would act as a reminder.

Divorces Clergyman.

London.—Conduct which was said to have become "a scandal in the parish" was alleged against John Henry David Crichton, formerly rector of sham, Norfolk, in the divorce court, when his wife, Kathleen Mary, was granted a divorce on the ground of cruelty and misconduct. There was no defense. The couple were married in 1892. They had four children. They were happy for the first few years, the wife alleges, and then there was a rival for his affections.

WITH THE WOMEN OF TODAY

There is an English society woman who is doing something for her country and for the men who fought for her, which American society women might well follow. The woman is Lady Angela Forbes, owner of Silver Badge Farm at Brentwood, in Essex, England. Lady Angela was very active during the war and unlike many of her friends she did not cease her work when the war ended, but continued her services in another field.

She worked out a plan whereby she might aid disabled soldiers. She is an ardent agriculturist, having obtained a first and third at the Royal Agricultural show recently, and so she decided to employ only disabled soldiers on her farm of eighty-six acres. At present twenty men are employed on the farm and Lady Angela personally supervises their instruction in general farm work, market gardening and poultry raising. When they have learned something about farming they are usually able to get jobs on other estates and thus Lady Angela has room for new men. Her farm is like a school and hospital combined, for the men learn farming and regain health and strength while working the land and then pass on, and new ones enter.

British Women Lose Jobs.

It is no longer sex prejudice which bars the way to equality among laboring men and women in England, but a real fear that there are not enough jobs to go round. The grave danger is that this fear will result in a movement to debar women from any well paid work. Such a movement would of course be a menace not only to women but to all workers; that it would tend to re-enforce the miserable practice by which women are driven to undercut and spoil the market.

The present crisis, moreover, is in some cases driving women entirely from new careers which they had taken up. In Lancashire occurs a particularly hard case of exclusion. A magnetite industry had been established entirely by the labor of women. The women liked the work and the firm wished to go on employing them. In this instance there was no question of reinstating men, since the industry had been started by women. In view, however, of the large amount of unemployment in the engineering trades of the district the allied engineering trades held a mass meeting and decreed that the women must cease work.

This uncompromising attitude on the part of the men may be prompted by a suspicion that many of the women are holding on to positions who are not entirely dependent on their earnings. This of course would apply less to engineering trades than to clerical work. It is, in fact, one of the specifically mentioned grievances of the discharged soldiers in England that the government is still employing "flappers" in face of the unemployment of hundreds of adult male clerks.

SHE EMPLOYS ONLY DISABLED SOLDIERS TO WORK HER FARM

Lady Angela Forbes.

Lady Angela Forbes, who is well known in English society, is doing her bit for the returned soldiers. She has turned her farm of eighty-six acres into a haven for disabled veterans.

Big Apple and Pear Crop.

North Adams, Mass.—Farmers in this section predict an unusually heavy yield of apples and pears this year. The yield of plums and cherries, however, it is said, will be light, owing to cold and wet weather when the fruit was in bloom.

Drink Hair Tonic.

San Juan, P. R.—Hair tonic has become a popular beverage in Porto Rico. In one week more than 4,350 bottles were sold. The tonic, said to contain more than 60 per cent of alcohol, is selling freely at 15 cents a drink, according to some reports.

War Hero Takes Life.

Lynn, Mass.—Louis Christafis, veteran of the war, gassed twice and wounded three times, unable to locate his sister and brother in Lynn, committed suicide by drinking carbolic acid in the Lynn hospital.

The local council of the World Veterans of the Great War will defray the man's funeral expenses.

PUPILS WILL TAKE PART IN PEACE CELEBRATION

London.—School children are to take a leading part in the peace celebration set tentatively for August 3 and 5.

Gigantic pageants depicting notable scenes in English history are already being planned. Scenes from the life of the Black Prince are proposed in South London, and this pageant particularly is winning instant popularity with young England.

Harrisburg, Pa.—Although Harrisburg quit jaggling when the war-time prohibition law became effective, it immediately became one of the jazziest cities in the Keystone state.

Local hotel men have interpreted the law to mean that beer containing 2 1/2 per cent alcohol is not intoxicating, and therefore they believe that dancing in the cabarets and siderooms is permissible. All of the cabarets have been equipped with jazz orchestras and the whole town is jazzing from morning to night.

There has been some movement started to abolish the new jazz craze and to compel the saloonkeepers to close their newly equipped dance halls but when the leader of the orchestra turns the performers loose on "How You Going to Keep Them Down on the Farm" or "Ja Da," the majority of the population of Harrisburg cannot make their feet behave—so there you are.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs almost nothing. Get a one ounce bottle of Mentholized Arcline at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

SOCIETY

Knowles-Green Wedding.
Miss Margaret Louise Knowles, daughter of Mr. and Mrs. J. Charles Knowles of Cadmus street and John William Green, son of Mrs. John Burges, Jr., of West Second street, were quietly married Monday afternoon in the First Presbyterian church in Cleveland.

The bride was attired in a navy blue traveling suit and wore a corsage of white roses. She is a graduate of the local high school, class of 1918. She is affiliated with a number of social clubs here.

The bridegroom graduated with the class of 1912. He recently returned from several months' service overseas with the Second army headquarters company.

Both are very popular in the young-social set here. Following a honeymoon trip to Cedar Point and other lake cities, they will reside in this city.

Outing at George's Grove.

On Sunday a number of young folks from this city and Wellsville enjoyed an outing at George's Grove. Outdoor sports featured the program. A baseball game between the ladies of the party and the gentlemen afforded amusement. The swimming contest of the afternoon was won by Miss Hilda Baur and Earl Hilton. At six o'clock a picnic supper was served by the girls. The party included Misses Hilda and Louise Baur, Paustina Scott, Leota Wynn, Messrs. Herman Todd, Robert Baur, Earl Hilton, Joseph Porter and Ted Young, Steubenville. Mr. and Mrs. Brude Funkhouser of New Brighton acted as chaperones.

Marriage Announced.

Announcement has been made of the marriage of Miss Grace Simpson, daughter of Mr. and Mrs. William Simpson of West Eighth street, and Harry Smith of Wellsville, which took place July 5 in Cleveland. Mr. and Mrs. Harold Smith of Wellsville attended there. The bride is well known here, having been employed as a gold stamper at the Homer Laughlin pottery in Newell. The bridegroom holds a position with the American Sheet and Tin plate mill in Wellsville. They will reside with Mr. and Mrs. Harold Smith in Wellsville.

Guests at Beadle Home.

A party of local people were guests of Mr. and Mrs. O. F. Beadle at their home at Stop 47 on the Y. & O. Sunday. An enjoyable time was spent. A picnic supper was served at six o'clock. Those of the party were Mr. and Mrs. George Lanning and daughter, Virginia, Mr. and Mrs. William Watters and son, William, Edward Fitzgerald and daughters, Phyllis, Helen and Mary; Mrs. John Frankfort and Misses Deborah and Mae Simms and Carrie Beadle.

Discharged from Service.

Corporal Fred Kinsvatter, who has been overseas for the past fifteen months with the American Expeditionary Forces in France, has been honorably discharged from Camp Sherman and returned to the home of his mother, Mrs. Elizabeth Kinsvatter of Division street. He enlisted with the 107th Pittsburgh Field artillery and trained at Camp Hancock, Ga. Later he was transferred to the Fifth division.

SAGE TEA KEEPS YOUR HAIR DARK

When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Lady Montagu.

Lady Swaythling, wife of the head of the London banking firm of Samuel Montagu & Co., has been permitted to assume the name of Lady Montagu by royal license. Lady Montagu was attached to the British Red Cross during the latter part of the war.

May Centralize Work.

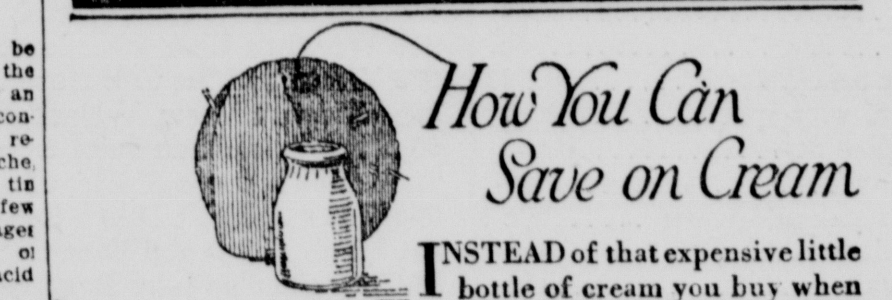

Centralization of Red Cross work in Columbiana county will be discussed at a meeting of representatives of county chapters to be held Thursday in Lisbon. This step has been suggested as a means of expediting the filling of orders sent out by Lake division headquarters to the various chapters of the county. Lisbon has been suggested as the possible location for a central office of the Red Cross in this county.

P. H. C. Meeting.

How You Can Save on Cream

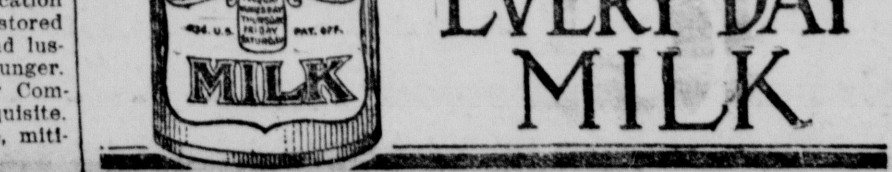

INSTEAD of that expensive little bottle of cream you buy when you want "extra good" cereal or coffee, use Every Day Milk.

It looks like cream and is very much like cream.

No wonder! For out of over a quart of rich milk most of the water has been taken, leaving all the rich goodness, all the nourishment, and this is put in a bright, new tin and sterilized—safe—clean—pure—delicious.

Now all this double richness you can buy for about what a bottle of milk costs—and for about half what a tiny bottle of cream costs!

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.

RUSH WORK ON CHURCH AT WEIRTON

The new Sacred Heart of America church, being erected by the Polish congregation in Weirton, is well under way, but the corner stone laying has been postponed until Sept. 24.

Several weeks ago it was planned to have the ceremony about August 15, but the plans were changed this week.

The church occupies one of the best sites in Weirton. The building will be of brick and stone. The basement has been completed and workmen are starting the first floor which is of brick. The stone for the front of the church is being hoisted into place by the use of a hand derrick. Iron girders are being put in place in preparation for starting the second story as quickly as possible.

The corner stone laying promises to be a big event among Polish people of the valley who will gather there for the celebration. Sacred Heart church has one of the largest congregations of Polish people in the state.

CHAUTAUQUA ADVANCE MAN IS IN THE CITY

R. H. Arnold, who just arrived in East Liverpool as advance superintendent for the Chautauqua, reports that he has been doing similar work in Canada during the last two months and that very successful Chautauquas have been held in forty towns and cities of Ontario.

"Great enthusiasm was manifested for the Coit-Alber Chautauqua programs in the cities I visited in Canada," said Mr. Arnold. "This was their second year and they fully appreciated the splendid bargain they are getting, and are planning to sell their season tickets next summer for \$2.50 for a six-day program instead of \$2.00, the amount charged this summer."

"The program given in Canada was almost the same as the one to be given here, except that your program will be larger and more expensive with added attractions like Dr. Gordon, Hrub's Czech-Slovak Quintet and Miss Martino, Judge Lindsey, Frank Branch Riley, and the Orpheus Quartet."

"East Liverpool should have a large season ticket sale—one thousand should be its minimum. In at least one Canadian town a record was set. The town has a population of 1,890 people and 1,100 season tickets were sold."

Peace Landscape.

London.—A feature of the landscape gardening in the churchyard of St. Paul's Cathedral that is attracting much comment is a floral display forming "Versailles"—1871-1919. Under the first date is "Defeat" and under the second "Victory."

17 INDICTED FOR RIOTING

Chicago, Aug. 5.—Determined to bring about speedy responsibility for the race riots here last week which resulted in 33 deaths, the grand jury, which is meeting to fix guilt for the reign of terror that gripped the "black belt" of Chicago's Southside for a week, returned indictments against 17 persons the first day it took up the quiz, and other indictments are expected to be returned today.

Of those already under indictment three are charged with murder, the balance of the indictments charging conspiracy to riot, assault to commit murder and carrying concealed weapons. The three charged with murder—John Washington, Spurgeon Anthony and William Powell, all negroes—are charged with having shot and killed George L. Watkins, white, an insurance collector, when he called at a home in the "black belt."

Three other negroes were indicted on three counts each—conspiracy to riot, carrying concealed weapons and assault to commit murder. The three, Walter Lake, his brother, Amos Lake, and Lee Alexander are charged

with leading a mob in an attempt to free a negro under arrest and with shooting Policeman Michael and Harry Costello, who are still in hospitals.

Was He a Profiteer?

Mansfield, Aug. 5.—A farmer drove to a stall on the city market with a crate of live chickens and sold them at 18 cents a pound. Just as he made his transaction and started to "filv" home, a Mansfield woman approached the stand and asked the price of chickens. "Thirty cents a pound," said the keeper of the stall. An increase of 12 cents a pound for live chickens without any additional cost to the middleman is only one incident that will be brought out in the Richland county investigation, it is said.

Tax Returns Increased.

Toledo, Aug. 5.—Tax collectors expect increases of \$20,000,000 this year in personal returns of corporations here. The Willy-Overland company with a return of \$12,623,330, shows a gain of more than \$5,000,000. The plant was seriously hampered by recent labor troubles.

Faces Espionage Charge.

Sidney, Neb.—Peter Stevens, a wealthy farmer residing twenty miles northeast of Sidney, was bound over to the federal district court in the sum of \$2,500, on a charge of espionage. He is said, by witnesses, to have hung out a German flag on July 4.

BUCKEYE STATE BRIEFS

Crestline—The erection of a mammoth roundhouse, shops and enlargement of yards, with kindred improvements and betterments by the Pennsylvania company, at a total cost of at least \$3,000,000, are expected to soon double the present population of this village of 4,000.

Mansfield—Price Russell, member of the board of clemency, paid his last visit to Mansfield as an official. He says his resignation is in the hands of Governor Cox, but that he is staying on the job until Governor Cox selects a successor.

Urbana—Mayor Talbot has decided to enforce the ordinance against blocking sidewalks without fear or favor. This includes merchants who hang bananas and pile watermelons on the sidewalks in front of their places of business.

Glad He is a Bachelor.

London.—"It's a good thing I am a bachelor; a married man couldn't hold this benefice," declares the Rev. Arthur Cuming, vicar of Addlestone. "In pre-war days it was possible for a curate run along on \$800 a year, but now it is impossible."

DISLIKE GERMAN NAME; DEUTSCH IS NOW BAKER

Denver, Colo.—Believing their names were not appropriate for citizens of this country, Hans Wilhelm Deutsch and Mrs. Luella Deutsch here filed a petition asking that their names be made Henry William Baker and Luella Louise Baker.

The petition states that Deutsch was born in Vienna, Austria, thirty-five years ago; that he emigrated from there to this country and became a citizen in 1912. Mrs. Deutsch was born in Germantown, Pa., and the couple was married in New York August 2, 1905.

Miner's Charter Revoked.

Cambridge, August 5.—With the strike of miners at the Goodyear mine of the Akron Coal company no nearer a settlement than it was three weeks ago, when the men walked out, the mine's charter has been revoked by order of the president of the mine workers' organization at Indianapolis. Company officials say they do not know when the strike will be settled.

Find Lost Galleon.

London.—The treasure hunters at Tobermory, who are searching for one of the galleons belonging to the Spanish Armada, have found part of the wrecked vessel. They have brought up a small section of the deck and some copper plates.

PESKY BED BUGS

A MILLION BEDBUGS. Just think, a 35c package of the new golden chemical P.D.Q. (Pesky Devil's Quietus) is enough to make a quart and enough to kill a million bedbugs, no matter how large they may be or where they came from, their age, color or sex, and at the same time a constant on their eggs and prevents hatching.

CUT THIS OUT. This new chemical can be had at any first-class drug store. A 35c package makes a quart of P.D.Q., and will

go farther than a barrel of old-fashioned bug killer. Don't let anybody impose upon your intelligence by offering you something else. Insist on what you ask for, then you'll have what doctors prescribe.

KILLS FLEAS ON DOGS. It's fun to see the fleas drop off your pet dog. KILLS CHICKEN LICE. No use for your chickens to have lice. A 35c package mixed makes a gallon of chicken lice killer. Your druggist has it, or can get it for you.

Sold by Flick's Drug Store.

DILLONVALE WINS OVER NEW CUMBERLAND

New Cumberland lost to Dillonvale A. C. at the latter place Sunday by a score of 8 to 3. New Cumberland never proved dangerous except in the fourth inning, when they bunched several hits and took a lead by putting two men across the rubber. Dillonvale came back with two in the fifth, two in the seventh and three runs in the eighth. The hitting of A. Zeria, Snider, Porter and Oseskey featured. Zeria had nine strikeouts.

HOME SERVICE BUREAU SEEKS JOBS FOR MEN

Find Employment For Returned Soldiers, Sailors and Marines.

INSTRUCTIONS RECEIVED

Red Cross Assumes Work of The Employment Bureau.

In the absence of an employment bureau in East Liverpool, the home service section with offices in the Betz building, South Market street, is exerting every effort to find employment for East Liverpool's returning soldiers, sailors and marines, Miss Dorothy Weinsweig, executive secretary of the organization, stated Tuesday.

Instructions relative to the part the home service sections should play in meeting the problem of the unemployed have just been received by Miss Weinsweig from Starr Cadwallader of Cleveland, division director of civilian relief for the lake division.

These instructions advise: If employment work has not been organized in your community, the following steps should be taken:

1. See that all organizations and employers register their openings at some central place, which will probably be the Red Cross service office. Keep in touch with employers to know of any new openings that occur from day to day.

2. Use sufficient publicity to inform the discharged men that they should consult your office when looking for employment.

3. Connect the opening up with the man who has been discharged and who is now looking for a position.

4. Mail in your card report No. 103 on each man that comes to your attention, whether you have been able to place him, to locate him or have not been able to place him.

JOHN BARLEYCORN LOSES IN 49 OF 50 DIVORCES

Macon, Ga.—Fifty shattered romances recently were cast in the spotlight of a divorce court here. John Barleycorn, which has been the usual "alibi" for domestic infelicity in years gone by, was used by only one unhappy bride as an excuse for divorce. Most of the complaining parties alleged cruel treatment and desertion.

ABANDONED SUITCASE HAS \$10,000 WORTH OF DRUGS

Clarksburg, W. Va.—When Antil Gomez, a Spaniard, landed in New York a stranger asked him to guard a suitcase. Gomez watched faithfully for a number of hours, and when the man failed to put in his appearance he brought the bag here with him. When opened it was found to contain \$10,000 worth of heroin and other contraband drugs.

DIVORCE MORE EXPENSIVE.

St. Louis, Mo.—Divorces, always expensive, are growing more so daily, records of the Circuit Court show court costs have not increased, but alimony allowances are larger, and even attorneys' fees are going up. The ability of the husband to pay is the chief consideration of courts in fixing allowances, according to Circuit Court Judge Landwehr. And the ability to pay now is greater with increased incomes.

BUCKEYE STATE BRIEFS

Cincinnati—Housewives in this city and environs are getting all set to participate in the government sale of food stuffs, as it is announced that a goodly portion of 2,000,000 pounds is to be consigned to the Cincinnati area.

Niles—In the hope that some provision would be made to maintain the free employment bureau in this city, the chamber of commerce has defrayed the expenses for the month of July. There being no relief in sight, it is said the office will be closed.

Urbana—After 27 years of married life, Mrs. Margaret E. Neer asks a divorce and alimony from Abner C. Neer. She says she was driven from her home in the night time and that Neer has been cruel to her "for years." They have five children.

Piqua—This city is taking the street car strike like all good opto-

mists. There is no danger of being run over by the city cars," expresses the sentiments of the people. The Dayton and Troy company says it cannot meet the demands for more pay and the men say they cannot work for the salary they have been receiving.

Toledo—Ice shortage here has become so acute that residents may be placed on rations, say city officials.

Akron—Ethel Bowers, aged 19, fashionably dressed and good looking, is being held to the grand jury under \$500 bond charged with grand larceny. She is charged with having stolen three silk dresses from an Akron department store and when arrested was in the store with a traveling bag. She was caught trying to put shirt waists in the bag. She admits having taken the dresses.

CLEVER PLOT IN CHAS. RAY FILM AT STRAND

There was much excitement in the city of Sawbert as a result of the remarkable expose of Kendall Reeves, who tried to swindle the respected citizens and the mayor, Lott Morris, with a scheme to can string beans.

We always had our suspicion of Reeves and now, through the bravery of young Toby Watkins, Reeves was caught trying to rob the mayor of his money. Watkins went to a mass meeting but he lost his nerve, as they say in Keokuk, and found it again in time to wrest the spoils of thievery from a villain who is now disclosed as a much-wanted jail bird from Chicago.

This is the plot of Charles Ray's newest Paramount picture which will be shown at the Strand theater Tuesday.

SPECIAL ATTRACTION AT THE AMERICAN

Moving picture patrons of this city are promised a rare treat when Clara Kimball O'Young and her own company present Miss Young's latest Select picture, "The Better Wife," at the American theatre Thursday and Friday.

"The eBtter Wife" is described as an interesting and delightfully woven romance, introducing Miss Young as an American girl who is visiting friends in England. While she is there, she becomes acquainted with Sir Richard Beverly, Lady Beverly and their son, Little Dick. Lady Beverly is having an affair with another man, and one afternoon, when she is racing in her car to keep an appointment with him, the car overturns and she is killed. Little Dick, who was riding in the car with his mother, is seriously injured, and Charman Page, (played by Miss O'Young), takes an in-

Why be Fat? Become Slim This Season

Have you heard about the new system for weight reduction? You may eat and drink all you need. There is no tedious exercising. terest in him and tries to nurse him back to health.

It is discovered, however, that an intricate surgical operation is necessary in order to effect a cure. Sir Richard is found to be in straitened circumstances and cannot afford the services of a specialist, but Charman has her father undertake the matter without the Baronet's knowledge.

Other circumstances tend to throw Charman constantly in Sir Richard's path, but the sacred memory of his dead wife keeps him from speaking of his love. Later he is acquainted with the double life of the late Lady Beverly, and he is brought to the point where a single decision will change his life from one of unhappiness to one of happiness and love.

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at Once When Backache or Bladder Bothers—Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of lemons and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure. It makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

You Just Try NR For That Indigestion

One Day's Test Proves NR Best

The stomach only partly digests the food we eat. The process is finished in the intestines where the food is mixed with bile from the liver.

It must be plain to any sensible person who realizes this, that the stomach, liver and bowels must work in harmony if digestive troubles are to be avoided or overcome.

This fact also explains why sufferers from indigestion, also suffer more or less from headaches, biliousness and constipation.

If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spells, headaches, coated tongue, bad breath, variable appetite, are nervous, losing energy and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) right today and start taking it. Give it a trial for a week or two.

and just see how much better you feel. See how quickly your sluggish bowels will become as regular as clock work, how your coated tongue clears up and your good, old-time appetite returns. See how splendidly your food will digest and how your energy, "pep" and "ginger" revive.

Just try it. You take no risk whatever for Nature's Remedy (NR Tablets) is only \$25 a box, enough to last twenty-five days, and it must help and benefit you to your entire satisfaction, or money returned.

Five million boxes are used every year—one million NR Tablets are taken by ailing people every day—that's the best proof of its merit. Nature's Remedy is the best and safest thing you can take for biliousness, constipation, indigestion and similar complaints. It is sold, guaranteed and recommended by your druggist.

"String Beans"

Charles Ray in "String Beans" A Paramount Picture

Charles Ray appears as the country boy who puts the scammers of a shrewd "bunco" artist from the city to naught. The idea is to raise money from the farmers to start a string bean canning factory—but it is a swindle, and Mr. Ray, as Toby Watkins, the no-account lad from the farm, upsets the whole thing and finally wins the mayor's daughter in the bargain.

"String Beans" Is One of Ray's Best Pictures.

MR. ARTHUR BARRY.

Mr. Arthur Barry, an Englishman by birth, has been on this side for twenty years, and has played with many of the most prominent stars. Last season he was with Maude Adams, with whom he was associated in the original production of "Quality Street" some years ago. He had a prominent part in "Cheating Cheaters," the very successful mystery drama that ran for a year at Eltinge theater in New York. Mr. Barry has also played with the late Nat Goodwin and later with Winthrop Ames in the original production of John Galsworthy's "The Pigeon" and that beautiful fairy play "Snow White." At which game he is by no means a novice. He will be seen as Jim Cargan, the crooked Mayor of Reuton, in "Seven Keys to Baldpate," the great mystery comedy by Geo. M. Cohan to be produced soon at Chautauqua.

Seeks Place on U. S. Bench.
Lima, August 5.—It is said here that Judge Kent W. Hughes, member of the appellate court in this district, is a candidate for the place on the United States district bench to succeed Judge Warrington of Cincinnati. Judge Hughes has been in Washington, where, it is said, Senator Pomerene told him he would support Judge Simon Johnson for the district bench.

"Ton of Pork" Club.

Haddam, Conn. — Seven boys and three girls of this town have formed a "ton of pork" club, the purpose being to produce 2,000 pounds of pork from ten little pigs which the members have begun to feed. The weights of the pigs are being taken at stated intervals, stimulating competition among the young owners in feeding methods.

To Improve Your Digestion.
"For years my digestion was so poor that I could only eat the lightest foods. I tried everything that I heard of to get relief, but not until about a year ago when I saw Chamberlain's Tablets advertised and got a bottle of them did I find the right treatment. Since taking them my digestion is fine." Mrs. Blanche Bowler, Indiana, Pa.

N Cops Find Clue—Dead Cat.

Pittsburg, Pa. — A mysterious package wrapped in a red tablecloth was buried in the yard next door early Sunday morning, "was the message received by the police recently.

Two policemen, armed with shovels, were hurriedly sent to the scene of the burial and unearthed a dead cat. It was reburied.

SHOWDOWN ON MAY'S DISPUTE

New York, Aug. 5.—Jacob Ruppert and T. L. Huston, owners of the Yankees, are expected to make application today for an injunction restraining Ban Johnson from holding Pitcher Carl Mays in suspension. Action was held up yesterday while the club's attorneys prepared the papers in the case. If an injunction is secured before game time this afternoon it is planned to pitch Mays against St. Louis.

President Ban Johnson of the American league has announced that inasmuch as the Yankees owners refused to attend a league meeting, none will be held. He is still standing firmly behind his suspension of the former Boston pitcher.

Col. Huston has openly accused Johnson of being a stockholder in the Cleveland club, stating that the failure of Cleveland to get Mays from Boston prompted Johnson to suspend the player. Johnson has declined to comment on the statement.

Bid for a Husband.

London—A wife who made an application at Tottenham for a summons against her husband for desertion, said he had gone to live with another woman. This woman came to her and asked: "Do you like your husband? I like him and he wants to stay with me, but he wants his five children to live with us. Will you let the children come and live with us? I am ready to work for them and we have agreed to send you money for your maintenance." The wife said she spurned the offer.

ROOSTER GIVES ALARM.

New York—The crowing of a rooster and the squawking of hens led to the discovery and arrest of Louis Ruter, who was in the act of burglarizing a poultry market of Brooklyn in the middle of the night. Detective Thornton went in the market and found that the thief had fallen into a crate of chickens.

COFFIN PRICES SOAR.

London—The great increase in the price of coffins was illustrated recently at Ammanford, South Wales, when a judge allowed five times the pre-war value of a coffin in a suit for damages. The complainant was awarded \$140 compensation for a coffin that cost \$18 in 1914.

MRS. RAY TERRENCE DIES AT WESTON, W. VA.

Capt. W. J. Terrence, of 449 First Avenue, East End, received a telegram Monday evening advising him that his son's wife, Mrs. Roy Terrence, had died at 1:30 o'clock Monday afternoon at Weston, W. Va.

The remains will be shipped to East Liverpool Tuesday. Funeral services will be held in the residence of Capt. Terrence, but the arrangements have not been completed.

Mrs. Terrence, before her marriage to Roy Terrence, was Miss Teresa Dittmore, of East End. Besides her husband she is survived by two daughters, Audrey, aged 13, and Dorothy, aged 7. Her mother is Mrs. C. H. Robinson, of Bellair, Ohio. Two sisters, Mrs. Jack Harris of Manington, W. Va., and Mrs. N. P. Kerr, of East End, also survive.

Oakland Team Wins.

The Oakland baseball club defeated East End in the second game of the series at Columbian park Tuesday night, making two straight victories for the Oakland boys. Another game will be played at Columbian park later in the week.

Entertained Class No. 14.

Mr. and Mrs. James Lock, of Pennsylvania avenue entertained Class No. 14 of the Second Presbyterian church Saturday. Victrola music and games featured a very enjoyable evening. About twenty ladies were present. The hostess served refreshments.

Returns from Overseas.

Harry Hockenberry has arrived in New York from overseas. He spent almost two years in France and was awarded three medals for bravery in action. He expects to get his discharge next week.
